ABOUT ME

My name is Fahad Waseem, and I am a student studying Software Engineering. I have a strong foundation in Object-Oriented Programming (OOP), Data Structures, and Databases. Additionally, I possess basic knowledge of JavaScript, HTML, and CSS. I am familiar with MVC and RESTful principles. I am a creative person who enjoys engaging in productive activities and has a keen interest in designing and art. I am enthusiastic and curious about learning emerging technologies and methods. I love learning new things and working on interesting projects.

EXPERIENCE

Content Creator

Freelance

Created engaging content for various digital platforms, including blogs, social media, and websites. Conducted research to develop relevant and interesting topics. Produced high-quality written, visual, and multimedia content to attract and retain audience interest. Collaborated with designers and marketers to ensure consistent branding and messaging. Improved audience engagement and satisfaction through creative and compelling content strategies.

Front End Website Developer

Freelance

Developed responsive and interactive websites using HTML, CSS, JavaScript, and front-end frameworks. Implemented web designs and optimized site performance. Worked closely with clients to gather requirements and deliver customized web solutions. Ensured cross-browser compatibility and adherence to web standards.

EDUCATION

Punjab College Gujrat
